Wholesale Price List

To the Trade

All stock offered in this list is of our growing and we believe we have ample quantities of all varieties to take care of reasonable demands. However, our customers are strongly urged to place their orders as early as possible to make sure of getting them filled. Every year our stocks of a great many of the varieties are booked up long before shipping is started.

We have a great many varieties of which the supply is very limited so we did not list them. If you do not see just what you want, write us and we will gladly give all the information we can.

TERMS OF SALE CASH

Note the prices are wholesale only and no order for less than 25 will be filled at these prices except those listed in dozen lots, where the price is so listed.

All quotations are F. O. B. Dover.

Remittance should be made by draft, money order or check. Do not send stamps or currency unless you have it registered. This is for your protection as we cannot be held responsible for money lost in the mail.

The prices quoted in this list are allowed only to those regularly established in any horticultural trades, so when ordering, kindly use your stationery or state your trade connections in order to avoid delay.

NON WARRANTY

While we take the greatest care to have our stock true to name, and hold ourselves in readiness upon proof, to replace any found otherwise, we give no warranty, express or implied, as to description, quality, productiveness or any other matter of any seeds, bulbs or plants we send out and will not be in any way responsible for the crop.
